

BUG OFF™

Bug Remover

Product Features

- Fast-acting.
- Safe on equipment and automotive finishes.
- Effective for automatic, coin-op and hand wash applications.
- Biodegradable.

Description:

Bug Off Bug Remover is a fast-acting detergent designed to lift bug debris off painted, chrome and glass surfaces.

Intended Use:

Bug Off is a highly concentrated pre-rinse formula used to remove bugs, blood, and bird droppings from automotive finishes and vehicle surfaces, including glass and chrome. Designed for use with automatic, coin-op, brush, spray, and hand applications.

Product Specifications:

Dilution: 1:1 - 40:1
pH Concentrate: 12.0 - 12.5
Odor: Almond.
Appearance: Natural liquid.
Shelf Life: 5 years.
Disposal: Dispose according to all local, state and federal regulations.

Product Capabilities:

Bug Off safely removes bugs and other organic soils from vehicles without harming vehicle finishes and is safe for reclaim systems.

Application:

Bug Off can be applied full strength, or diluted up to 40:1 depending on application. To use, spray product on area to be treated. Rinse with water. Repeat as necessary.

Precautions:

May cause irritation to skin and eyes. Protective eyewear and gloves are recommended. If taken internally, drink large amounts of water. DO NOT induce vomiting. Seek medical attention immediately.
