

POWERHOUSE™

Steam Extraction Liquid

Product Features

- Penetrates deep into carpet fibers to emulsify and remove stubborn dirt and stains.
- Vacuums clean. No additional rinsing required.
- Deodorizes as it cleans.
- Free-rinsing cleaner that works to extend the life of carpets and upholstery.

Description:

Powerhouse Steam Extraction Liquid is a premium steam cleaning formula that penetrates deep into carpet fibers to emulsify and remove stubborn dirt, grime, stains and other tacky or abrasive residues. Safely cleans all cotton and synthetic carpets, rugs and upholstery.

Intended Use:

Powerhouse is designed to work with commercial and industrial steam cleaning vacuums and machines. Use Powerhouse to remove stains, caked-in soils and sticky substances from automotive upholstery, carpets, upholstered furniture, and more.

Product Specifications:

Dilution: 1 - 6 oz. per gallon.
pH Concentrate: 13.0
Odor: Faint alcohol.
Appearance: Clear green liquid.
Shelf Life: 5 years.
Disposal: Dispose according to all local, state and federal regulations.

Product Capabilities:

Tough acting emulsifying agents make this product ideal for automotive upholstery and steam cleaning applications in high traffic areas.

Application:

Dilute with water as indicated on label. Follow steam cleaner manufacturer's instructions for cleaning surface. Always test an inconspicuous area before applying for colorfastness.

Precautions:

May cause irritation to skin and eyes. Protective eyewear and gloves are recommended. If taken internally, drink large amounts of water. DO NOT induce vomiting. Seek medical attention immediately.
