

# UNICLEAN™

## Neutral pH Liquid Vehicle Wash

### Product Features

- Designed to remove tough soils.
- Great for interior and exterior wash applications.
- Moderate foaming characteristics.
- Effective with hot or cold water.
- Neutral formula makes Uniclean ideal for water recycling systems.

### Description:

Uniclean Neutral pH Liquid Vehicle Wash is an economical and powerful concentrated vehicle wash. Its tough yet gentle cleaning properties will leave a classic shine on any finish. Uniclean is great for use on interiors and exteriors alike.

### Intended Use:

All-purpose interior and exterior wash suitable for tunnel, coin-op, pressure wash, and hand wash applications.

### Product Specifications:

Dilution Ratios: 50 - 100:1  
pH Concentrate: 8.7  
Odor: Cherry.  
Appearance: Clear pink liquid.  
Shelf Life: 5 years.  
Disposal: Dispose according to all local, state, and federal regulations.

### Advantages:

Uniclean rapidly cuts through tough soils, effectively loosening and lifting even the toughest soils from vehicle surfaces. This specially formulated product is designed to provide a spot-free and streak-free shine.

### Applications:

Apply Uniclean diluted as indicated. Uniclean is versatile and can be used with high and low pressure systems. It may also be used as a presoak.

### Precautions:

Uniclean is an eye irritant. If exposed, flush with water. If taken internally, give water and DO NOT induce vomiting. Seek medical attention.
