## Shield™ High-Efficiency Face Mask

Shield is a disposable pleated surgical face mask with a flexible nose piece and chin piece that enables the mask to conform to the face creating a positive facial lock (PFL).

- Positive facial lock eliminates "blow by" - the passage of particles around edges of mask.
- Fluid resistant, comfortable, and latex-free.

**Available in earloop or retention head band**

## ProBarrier™ Environmental Surface Barriers

ProBarrier covers meet the asepsis challenge of clinical contact surfaces (areas frequently touched during patient treatment).

- Reduces turn-over time between patients.
- Protects expensive equipment.
- Reduces exposure to disinfectant chemicals.

**Visible reassurance to patients**
